

REMARKS

Reconsideration and allowance of the above-identified application in view of the above amendments and the following remarks are respectfully requested.

Claims 1-48 are pending in the Application, claims 27-48 being newly added herein.  
New claims 27-48 find a basis throughout the specification, and by way of example, Figures 5 and 6 and their associated description.

Claims 1-26 stand rejected under the judicially created doctrine of double patenting over claims 1-26 of U.S. Patent No. 6,671,036. Though no such double patenting rejection based on the related U.S. Patent No. 6,449,030 has been made, Applicant has provided a terminal disclaimer referring to both patents herewith. Applicant submits that the terminal disclaimer obviates the rejection and requests that the rejection be withdrawn.

Please charge any fees associated with the submission of this paper to Deposit Account Number 033975. The Commissioner for Patents is also authorized to credit any over payments to the above-referenced Deposit Account.

Respectfully submitted,  
PILLSBURY WINTHROP LLP
